SOLARIA WELLNESS & CLINICAL NUTRITION

Official Brand Guidelines & Governance Policy (2026)

Confidential & Proprietary • Version 3.1 • Effective Q1 2026

1. Brand Identity, Domain & Scope

Solaria Wellness is a clinical-grade preventative health and adaptogenic hydration company. Our primary offerings include **Solaria PureHydrate™** (cellular electrolyte recovery) and **Solaria BioImmune™** (clinical herbal adaptogens). All published content must strictly remain within the scope of preventative wellness, natural hydration, and evidence-based nutrition. Any content addressing unrelated domains (e.g. cybersecurity, software SaaS, home appliances, automotive) is strictly prohibited under this brand identity.

2. Voice, Tone & Regulatory Claim Boundaries

The Solaria tone is warm, scientifically grounded, transparent, and empathetic. Because Solaria products are nutritional supplements, all claims are subject to strict FDA/FSSAI regulatory scrutiny. **Prohibited Claims:** Absolute cure claims (e.g., 'cures diabetes', '100% disease prevention', 'miracle remedy', 'instant cure') are strictly forbidden. **Superlatives:** Unbacked claims such as '#1 supplement in the world' or 'India's best health drink' cannot be published without verified third-party clinical trial citations.

3. Approved Organizational Facts (TruthMark™ Verification)

All quantitative metrics published by creators, agencies, or AI tools must be verified against the following approved facts repository:

Fact Code	Category	Approved Value	Audit Source & Status
FACT-SOL-01	Hydration Efficacy	3.0x cellular electrolyte absorption vs water	Clinical Trial CT-2025-A (Active)
FACT-SOL-02	Purity Standard	0% artificial sweeteners, 0g added sugar	Eurofins Purity Certification (Active)
FACT-SOL-03	Adaptogen Potency	85% organic sensoril ashwagandha extract	Botanical Assay 2025 (Active)

4. Visual Identity & Logo Standards (VisualGuard™)

Official Logo: The official mark is **SOLARIA-LEAF-V2**. The older round droplet mark (V1) is officially deprecated and must never be used. **Primary Palette:** Emerald Leaf (#10B981) and Deep Forest Green (#064E3B). Supporting accent: Sunrise Gold (#F59E0B). **Visual Compliance:** Unapproved third-party screenshots (e.g. YouTube video players, meme formats, unrelated device mockups) with zero Solaria branding will be automatically flagged by VisualGuard as Missing Brand Identity.

5. Terminology & Phrasing Governance

Forbidden / Deprecated Term	Preferred Brand Term	Governance Rule
miracle cure / magic drink	clinical electrolyte hydration	Forbidden (Regulatory compliance)
100% detox	natural cellular hydration support	Forbidden (Misleading health claim)
energy booster	sustained bio-adaptive vitality	Preferred terminology
